Bank BD Peer Benchmarking

We have found that a relatively small number of Bank Broker-Dealers provide the most accurate reflection of the trends and transitions taking place in the bank brokerage industry.

We call them the “Core Bank BDs” and they include PNC, Citi, U.S. Bank, Fifth Third, Citizens, Key, BMO Harris, Huntington, First Horizon, First Citizens and Wilmington Advisors at M&T. The revenue of these Bank BDs ranges between \$525m and \$50m and their retail deposits between \$20b and \$225b. What makes their data useful as an industry benchmark is that no bank is too big to have an oversized impact on the data in any given time period, and no bank is too small to have data that varies wildly in short timeframes.

It is the consistency and verifiability of the data from these “Core Bank BDs” that make them a useful indicator of the health and direction of the bank brokerage industry.

If you would like more detailed data, which always protects the privacy of the individual firms, please reach out to Jack Cramer directly at 303.532.7003.

The “Core Banks BDs”

used in our research include:

- PNC
- Citi
- Huntington
- First Horizon
- Citizens
- Key
- Fifth Third
- Wilmington
- First Citizens
- U.S. Bank
- BMO Harris
- Advisors at M&T
